

Growdiesel Venture Fund A platform for building real cleanfuel companies & Green jobs

I am delighted and thankful to Skill Council for Green Jobs-an initiative of Ministry of New and Renewable Energy to nominate us on Governing Council.

Growdiesel Ventures- “a cleanfuel startup accelerator” shall support “Start-up & Stand-up India Initiative”. Growdiesel is committed to accelerate Indian Cleanfuel Ecosystem and one can expect it to really grow multifold in next 3-5 years. We are all set to invest in Indian cleanfuel start-ups.

Growdiesel has pledged that it shall help entrepreneurs to establish cleanfuel projects using Growdiesel proprietary technologies. Growdiesel shall put young Indian citizens on driving seat for sustainable economic growth and make India self reliant in fuel.

The accelerator will support scalable projects that have deep environment and social impact through **GOA “Growdiesel Opportunity accelerators”**. All those entrepreneurs who successfully become GOA shall get a certificate, technology and infrastructure support from Growdiesel to set up a **GOAL**.

Growdiesel Ventures Limited will support each GOA to set up **GOAL “Growdiesel Opportunity Accelerator Lab”** a billion dollar Biofuel Unicorn. Main objective of GOAL shall be to create a value chain for production of cleanfuels using Growdiesel technologies.

Growdiesel is inviting applications from passionate individuals to join as GOA and get a chance for acceleration and own a biofuel Unicorn **GOAL**. Each new cleanfuel enterprise shall create 1000 green jobs and green economic opportunities for over 10000 people.

Looking forward to work together to make this world a better place to live,

Atul Saxena,

Founder & CEO, Growdiesel Ventures Limited

Chief Climate Savior, AtmosCare Alliance

About Build Your Own Unicorn Program as GOA- Growdiesel Opportunity Accelerator

Growdiesel Ventures Limited seeks to select limited number of ethical individuals and groom them with technology, capital and hand holding so that each of them can build his/her own Unicorn. Participants will be high potential youngster with a vision. GOA will fast track their journey to entrepreneurship roles.

It is an intensive 18-month program that participants can complete while continuing to work in their current organizations, studies and roles. The Program leverages multiple modes including 18 days of residential sessions at GOA campus spread over the program. Post these 18 months, participants experience a vibrant alumni program combined with online resources and networking events.

A dedicated Project Management Officer (PMO) will anchor the program, knit all the various moving parts together for the participants and ensure research, communication, tracking and monitoring.

GOA Eligibility Criteria

This is a rigorous program. It will require the highest levels of passion, dedication, commitment, self-discipline and resilience to embark on a tough, challenging and exciting leadership journey through GOA.

Individuals who meet the following eligibility criteria are welcome to apply:

- Passionate about fuel independence for India
- Willing to undergo grass root level experience is critical
- Proven ability to deliver results

Disclaimer: We encourage and actively support diversity of all kinds and do not discriminate based on gender, disability, marital status, race, colour, caste, religion and social status

GOA selection process

Step 1: Send us enclosed application form. Applicants selected in this step will proceed to the next step

Step 2: Appear in a written test.

Step 3: Attend a skype discussion.

Step 4: Attend a final panel discussion

GOA Course Contents

The 18-month program will cover knowledge, skills and experiences in each of the following areas:

The Intensive 18 Months program consists of the following components. Detailed modules and coverage will be shared closer to the start of the program

1. 18-day fulltime course at GOA, in blocks of 2 days; each block occurring every quarter, starting in batches
2. Any residential component will be interspersed with online courses, assessments, action learning projects and peer learning components
3. Every participant will be assigned to a mentor – a senior leader from the Biofuel sector, to review the learning journey, to help trouble shoot, to provide guidance and support
4. Every participant will also be provided a coach – a trained expert who will guide the learning process through the journey

Program Fees: The fee for GOA Program is INR 5,00,000. This program fee includes the amount towards the residential component. The remaining amount is towards the other multiple components of GOA program which will span across the intensive phase of 18 months, such as the 3 day orientation workshop, Mentoring, Coaching, Assessment Gates, Exposure visits, Action learning events, Practical site visits etc. *We understand that the training budgets of some of the participants may be limited. We do not want this to be a reason to lose out on a quality and high potential candidate. **100% scholarships will be awarded to deserving candidates in the event that the participants are unable to pay fees for the program (Eligibility for scholarships will be assessed on a case to case basis)***
